MEMORANDUM FOR: Chairman, CSPE Support Committee

SUBJECT: SR Division Operational Plan, FY 1956 - 1957

1. Subject program states no requirements for training support. It is not clear to the Office of Training whether the training of the additional manpower for FY 1956, and for the two training projects in the program is to be provided by ☐ SR or by the Office of Training.

2. Until the above questions are resolved, the Office of Training has no basis for estimating the training load it may be required to meet in support of the SR Division Operational Program.

3. It is therefore requested that SR Division be advised that the Office of Training requires early consultation on the above points with SR Division planners in order to ensure adequate training support capabilities for the subject program.
